I AM IN FAVOR OF GIVING THE PEOPLE A CHANCE TO VOTE ON STATE WIDE PROHIBITION, HARRY V. M'CHESNEY.

ENQUIRER SAYS STANLEY WILL WIN.

His Long Brilliant Battle For The
Farmers And Laborers
Bears Fruit.

Estimates from each of the 120 counties in the State on the Governor's race in the Democratic primary, made to Tom Cromwell, Kentucky political correspondent of the Cincinnati Enquirer, who conducted a political canvass of Kentucky, shows a plurality of over 20,000 for A. O. Stanley over H. V. McChesney for the nomination. The totals are Stanley, 95,135; McChesney, 74,750; McDermott 28,435; Bosworth, 21,455. The figures show that Stanley will get approximately 45 per cent. of the total vote to be cast and that he is fully 10 per cent. stronger than McChesney. He will, according to the representations made to the writer by knowing men in each of the counties, carry eighty-three counties, as against thirty-one for McChesney.

One county each is given to McDermott (Jefferson) and Bosworth (Caldwell). In Estill county Bosworth is given an even break with Stanley, and in Harrison, Floyd and Magoffin counties Stanley and McChesney are considered by the estimators to be of about equal strength.

In every congressional district unless the figures are very much awry, Stanley will have a plural-

LEE GIBSON CANDIDATE FOR

The Democratic Nomination For
Circuit Judge In This District,
Replies To Judge Blue

Mr. Blue and I have been speaking together in various parts of this judicial district for three weeks, and he has been saying in his speeches I was a gentleman and a pleasant running mate, and if I was successful in defeating him for this nomination he and his friends would cheerfully support me.

He now comes in the closing days of this campaign and by insinuations and innuendoes, cowardly always and never manly, seeks to show I am unworthy of the high office I seek. Mr. Blue's letter is the act of an old time political trickster. If I am not worthy, it was his duty to tell the people and state facts showing my unworthiness and give me an opportunity to defend myself when face to face with him.

The only promises I have made in this campaign to any person are those made in every public speech; that is, I would enforce all the laws; treat the rich and poor alike, and give every man a fair and impartial trial, and know no man or set of men while discharging my public duties.

Like Mr. Blue, I have always

CHALLENGE TO SENATOR JAMES

To Debate On The Subject, Nation
And State-wide
Prohibition.

(To the Editor of the Courier
Journal.)

The question of prohibition is to the front—it will not down. Let no one expect to put a quietus on the liquor war. It will not end so long as a drunkard breaks his mother's heart, drags a wife down to poverty and misery, or a dram-shop disgraces civilization. Our friends who are engaged in the manufacture and sale of intoxicating liquors had as well make up their minds now to seek worthier employment. Their trade is an outlaw, though legal, as Judge Ariman has well labeled it, "The Legalized Outlaw." It flourishes on human depravity and human weakness. Its patrons, like the flies that patronize ily traps, and the mice that seek their food at mouse traps, are its victims. The law of God, the mandate of reason and the demands of enlightened and progressive civilization have united to decree the overthrow of King Booze, and even now his throne totters to its fall. Civilization must be preserved, rum must be overthrown.

Let me give a few reasons why I reject the overtures of the distillers, and say boldly in the name of Kentucky's homes, and Kentucky's honor—the rum power shall be pulverized.

FIRST—LIQUOR BUSINESS
DOES NO GOOD.

No institution is entitled to the protection of the stars and stripes that does not benefit the homes of the land. The saloon, the brewery, the distillery, can make no plea for mercy on the score of human uplift. Every liquor shop in Kentucky, in the nation, in the world, might be sunk into the ocean this day, and no mother would gather her children about her knee and recount the noble records of its past. None such could look up into the face of God and ask, "Why have you taken away my noble friend, my help my stay in righteousness?" The world might consign its liquor trade to the flames tomorrow, and lose not a farthing's value in all that makes for human uplift, for moral, intellectual and even material betterment.

It does no good.

MRS. D. C. ROBERTS DEAD

Wife Of Well Known Mining Man
And Mother Of Councilman
George P. Roberts.

A message was received in this city Thursday morning July 29th, conveying the news of the sudden death at Idylwild Pines, Michigan, of Mrs. Rebecca Winslow Roberts, wife of D. C. Roberts, the well known mining expert and mother of Councilman George P. Roberts the head of the Roberts Mining and Milling Co. of this city. The cause of her demise was Nephritis with which she had been afflicted for some time. She was in her usual health otherwise and was talking and joking with her grandson Kenneth Kimpton only a few moments before she "went to sleep."

The stricken husband went to Michigan for the beloved remains which he accompanied to this city arriving here at 11 o'clock Sunday morning. The funeral service was conducted by Rev. H. V. Escott at the residence of her son G. P. Roberts on Walker street at four o'clock Sunday afternoon, and the interment immediately afterward at the New Cemetery and the new made mound was covered with flowers, tokens of love and respect from friends here and elsewhere.

The deceased is survived by her husband and three children, George P. Roberts of this city, Mrs. E. G. Kington of Chicago and Mrs. Angus S. Williams of Wilbur, Washington.

Rebecca Winslow Roberts, born at Brewster, Massachusetts Oct. 24th, 1844. Married May 9th, 1866 at her home. Her ancestors on the maternal side landed at Plymouth, Mass. in 1623 on the ship Ann, the third vessel bringing what are known as the Pilgrims of Plymouth. On the fathers side her forbears were Huguenots whose coat of arms were a Moors head with the usual accompaniments. Confirmed by Bishop Doane of the diocese of Albany N. Y. she was through life a devoted Churchwoman. (Episcopal) The history of Massachusetts Bay now called Massachusetts is replete with the memories of her family, the Winslows. Mrs. Roberts was a refined sweet character and was beloved by her friends

TO THE DEM- OCRATIC VOTERS

Of Crittenden County. Editorial
Comment On Article By
Judge Thomas

The PRESS desires to add one word relative to the race now on between Judge C. S. Nunn, Judge J. F. Gordon and Mr. Gus Thomas, of Graves county, Democratic candidates for the nomination for the Court of Appeals bench.

It seems that Mr. Gus Thomas has a feeling in his bones that Crittenden county has gobbled all the fat offices within the gift of the Democratic votes of the First District from the dim and misty past up to and including the present writing. His wail and complaint is heard on every hand. Some papers of his are full of it. The editors seem to spend their time looking up favorite sons, and every mother's son of them are saddled on Crittenden county. Listen to this, will you. This is Judge Thomas speaking in the "Calloway Times."

"Notwithstanding this the County of Crittenden has received more public patronage, both Federal and State, than any other county in all Western Kentucky, and perhaps more than

SENATOR OLLIE M. JAMES

Takes His Stand Squarely For
County Unit and Against
State Wide

Senator Ollie M. James, who came to Louisville Wednesday, gave out a statement last night in which he declares his opposition to "State-wide prohibition as undemocratic" in that it "denies local self-government to the people of the State."

"I believe the Democratic party," he says "should declare in favor of the continuance and strict enforcement of the existing county unit law. I hope that no Democrat will, by his vote, directly or indirectly do anything to force upon our party a declaration in favor of State-wide prohibition."

Senator James' statement in full is as follows:

"I am greatly interested in seeing the Democratic party victorious in the coming contest for the control of the affairs of our State for the next four years. For us to be defeated in this contest would not only entail upon our people the blight of mis-government, which has always followed Republican rule but it would make doubtful the State of Kentucky in the greater

THE WAY I SEE IT.

By Rev. James S. Chandler of Auburn Logan County, Ky., father of Rev. James A. Chandler Pastor of the M. E. Church of this city.

In the Courier Journal I notice that the editor, posing as a judge both of politics and religion, has said time and again, that "no man can be a democrat and a prohibitionist." He also has said that "no man can be a Christian and a prohibitionist." I can see that a man cannot affiliate with, and vote the ticket of both these parties at the same time, or in the same election, and this may be what Mr. Waterson meant by his assertion, but when I consider the principles involved in these charges, I think just the reverse is true. No true Christian can be opposed to the prohibition of any great evil. The Bible is full of prohibition. Thou shalt, and thy shalt not are Bible terms. The first is compulsory and the second is prohibitory. The truth is, nearly all of our laws, whether found in the Bible or our statutes, are either prohibitory or compulsory. Some laws are permissive, but these do not have the force of compulsion and prohibition.

How can a true christian, or a true Democrat, or a true Republican vote against submitting any

great question to the will of the people? This is the very essence of true Democracy. For convenience we adopted a representative government, but the power to govern is vested in the hands of the people, through their representatives.

Mr. McChesney, if he should be elected Governor of Kentucky, (and I hope he will) does not propose to force prohibition on Kentucky. He only proposes to submit the question to a vote of the qualified voters of Kentucky and let the will of the people decide the question. This is in perfect accord with the Divine plan of salvation. God, has through His great love for man provided the plan, but left it to man's will to accept the plan or reject it. "Choose you this day whom ye will serve. O! Jerusalem, Jerusalem: how often would I have gathered thy children together, even as a hen gathereth her chickens under her wings, but ye would not."

I cannot see how any good christian Democrat can look in face or the principles, or doctrine advocated by Mr. McChesney and vote against him. This is the way I see it, but the reader must open his eyes and see for himself. He cannot see with his eyes shut.

Hon. Jas. D. Black, of Knox County, for Lieutenant-Governor, Will Add Strength to the Democratic Ticket in November

(Editorial in Adair County News.)

The time has come when Democrats should begin to think about the November election, and the candidate who will add most strength to the ticket.

Judge James D. Black of Knox county, for Lieutenant-Governor, is the only candidate for a position on the Democratic ticket from the Eleventh Congressional District. He is a first class lawyer and a gentleman who takes much interest in public affairs, and is a successful business man.

Judge Black was for several years President of Union College of Harboursville, and is one of the recognized educational leaders of the State. He was appointed First Assistant by Attorney General James Garnett in January, 1912, and served in this capacity until he was forced to resign on account of ill health. He was the Democratic nominee for Congress in the Eleventh District in 1896 and made an active canvass of the district in that memorable campaign. In 1900 he became a candidate for Governor against J. C. W. Beckham, but withdrew before the convention. He was Grand Master of the Masons of Kentucky in 1883.

Judge Black has always been an open advocate of all moral and progressive measures. He is popular throughout the Eleventh District, an attractive speaker, and if he is nominated for Lieutenant-Governor he will do more to counteract the strength of the Republican nominee for Governor in this district than will any other man who could be selected. The Democrats of Adair county know Judge Black and his qualifications for the office of Lieutenant-Governor. From the expressions which we have heard we believe that he will receive the unanimous vote of Adair county in the August primary.

McCHESNEY THE MAN FOR VICTORY IN NOVEMBER.

Temperance Vote in Country Districts and Mountains Will More Than Make Up For Liquor Men Who May Bolt—Elections of Last Few Years Prove This

The liquor candidates and the liquor organs in their desperate efforts to stem the rapidly increasing strength of Mr. McChesney, and to prevent, if possible, what seems to be his probable nomination as the Democratic candidate for Governor in the August primary, have been industriously circulating the report that if he is nominated he can not be elected in November. They base this statement upon the idea that the whiskey and beer Democrats would not vote for him, or for any other dry Democrat. If he is nominated, in other words, they admit that, although the liquor Democrats will take a very active part in the primary against McChesney, they will not hesitate, if he is nominated, to bolt his nomination and vote for the Republican ticket. There is some truth in that threat, for that is just what they have been doing for many years. Most of them do not seem to be bound, by any sense of honor or obligation, to support the nominee after they have taken part in the primary. Admitting to be true their purpose to bolt if Mr. McChesney is nominated, and that is what this talk amounts to, when they say he could not be elected, let us see whether or not it is to be feared.

The people of Kentucky, however, very well know the same kind of talk and threats were used against Governor Beckham. Mr. Stanley, the liquor candidate for the Senate then, as he is the liquor candidate for Governor now, used the same argument; so did the same liquor newspapers. What this argument amounted to in effect was that, if Beckham was nominated, the whiskey and beer Democrats would bolt him, and if Stanley should be nominated, they would get all of those votes and also the votes of the temperance Democrats, who would be too honorable and too good Democrats to bolt the party nominee after they had taken part in the primary. The result of that primary should be fresh in the memory of Kentucky Democrats. With all the power and wealth of the distilleries, the breweries, and the saloons back of him, Stanley was defeated by a substantial majority. Beckham was nominated and a large majority of the liquor Democrats did bolt him in the November election. It is necessary only to look at the returns from that election to demonstrate it.

In all of the cities and liquor centers Beckham ran considerably behind the

rest of the Democratic ticket. Even in Louisville, which he carried by a large majority, he ran nearly 2,500 votes behind the majority of the Democratic nominee for Congress; in Kenton county (city of Covington) he received 1,859 votes less than the vote for the Democratic nominee for Congress; in Campbell county (city of Newport) he received 1,632 less; in Fayette county (city of Lexington) which he should have carried by 1,200, he carried by only 197; and so it was in every city where there was a liquor vote. Even in Henderson county, Mr. Stanley's home, Governor Beckham ran about 200 or 250 votes behind the ticket, even though Stanley made a speech there before the election, ostensibly for the ticket, but it happened that in the five or six places where he did speak in that campaign, Beckham, the nominee, lost votes, for Stanley's speeches were not intended to help him. Notwithstanding all of this defection and bolting, Governor Beckham won over his Republican opponent, Governor Wilson, by 32,000 majority, the largest majority given to any Democratic candidate in 25 or 30 years. So the threat of Mr. Stanley and his whiskey and beer organs proved to be futile and empty.

It is the same old trick they are trying to work again on the Democrats this year. But it will fool only the unthinking or the ignorant. Mr. McChesney is undoubtedly the strongest candidate the Democrats can nominate for Governor. He will be elected beyond doubt; he may lose many very wet Democrats in the liquor centers, just as Beckham did last year, but he will more than make it up in the country districts and in the mountains. He is receiving the assurance of thousands of temperance Republicans and Independents that they will support him, if he is nominated over Mr. Morrow, who is well known as a wet man. It is no use for Mr. Stanley to argue that, because the Republicans will nominate a wet candidate for Governor on a wet platform, the Democrats should do the same thing, and get into a race with the Republican ticket to see which can bid the highest for the whiskey and beer votes of the state. The people of Kentucky are not going to elect as Governor of the state a liquor trust man, and Mr. Stanley might as well stand aside. The people know that their chance to beat the wet Republican candidate is with Mr. McChesney as the Democratic candidate. He will be nominated and elected.

Democratic Editors See Victory for Claude B. Terrell In Race for Nomination for State Treasurer In August Primary Election.

If there is one contest in the approaching Democratic State primary election about which the Democratic newspapers of Kentucky seem to be agreed it is that the Hon. Claude B. Terrell, of Trimble County, should and will be nominated for the office of State Treasurer. Mr. Terrell has made a runaway race of it from the day he entered the contest. His especial fitness for the office he is seeking has appealed to the Democratic editors of every section of Kentucky, and they have done much to mold the sentiment of their communities in his favor by informing the people as to the character of the man and his qualifications for public service. Herewith are quoted brief paragraphs taken from editorials of newspapers published in every section of Kentucky. It would require not less than two pages of a newspaper to publish in full these unsolicited words of commendation of Mr. Terrell and his candidacy:

The Calloway Times: He has served three terms in the Legislature, two as Speaker, and is a clean, fair-minded, sober and discreet man. He will poll a splendid vote in this county next month.

The Ballard County Advance: Mr. Terrell is a man well equipped for this important office and will make a splendid official. He is a man you like better the more you see him.

Paducah News-Democrat: He is a substantial business man, and is held in the highest esteem by all who know him, and has many friends in this section of Kentucky who will give him their support.

The Princeton Leader: While here Mr. Terrell met a large number of our people and made a very favorable impression. He is well equipped from an official standpoint to fill the office of State Treasurer.

Fulton Daily Leader: He is a staunch Democrat, is familiar with the public affairs of the State by virtue of his commanding position the past few years in the legislature and is well fitted in every way to make the people of Kentucky a faithful State Treasurer and guardian of the funds of the commonwealth.

Clinton Gazette: Mr. Terrell has made a reputation as a man who is to be depended upon to do exactly what he promises to do.

Arlington Courier: A better man cannot be found for this place. He is self-made, public spirited, and a friend to the working man.

Mayfield Messenger: He is a great friend to education and a constant fighter for good roads. With him as State Treasurer the people can be assured that the affairs of that office will be conducted honestly and according to law.

Bowling Green Times-Journal: Mr. Terrell will add strength to the ticket selected next month, and it is gratifying to know that his nomination is a certainty.

Todd County Progress: Mr. Terrell enjoys a wide acquaintance in the state, made a splendid Speaker of the House, and is a man of winning personality.

Smith's Grove Times: The county papers over the state are giving Terrell their support, and it is likely that he will carry the state by a larger majority than most candidates.

Cloverport News: He is a man who has made good in all his public trusts. He is a man well equipped for the office he is seeking.

Springfield Sun: The manner in which he conducted the affairs of his great trust as Speaker won for him many strong friends over the state, who are now endeavoring to endorse his valuable services.

New Haven Echo: He is of the younger set of business men and possesses the push that has always been

lacking in the state, and has been so much needed.

Shepherdsville News: He helped to enact more constructive laws than any other Speaker who has presided over the House in fifty years. He is by far the ablest and strongest man seeking the Treasurership.

Breckinridge News: The Big Sandy News pays a very fine compliment to Claude B. Terrell. The beauty about that is that 'tis true.

CLAUDE B. TERRELL

Kentucky Standard: He has been closely associated with the educational interest of the state for many years, and popular education has no stronger advocate.

Hartford Herald: He is splendidly qualified, as his service in office has brought him close to the interests of the people.

Louisville Evening Post: Mr. Ter-

rell is running on a record that seems invincible. His friends say the nomination is certain, and the honor will be most fitly and properly bestowed.

Louisville Journal of Labor: Citizens of Kentucky should certainly appreciate his efforts and evidence their appreciation by nominating this splendid worker for the public good. He is meeting with great success daily and his candidacy grows in public favor constantly.

Boone County Recorder: His prospect for receiving the nomination is very good. He is a Sixth District boy, and we are all for him.

Falmouth Pendletonian: His greatest strength is where he is best known, which is the strongest evidence of a man's worth, and for this high office he has no superiors.

Carrollton Democrat: All who know him seem to be for him. Trimble County is fated to have a representative among our state officials the coming four years.

Grant County News: There is no blot on his escutcheon as a lawmaker and a faithful servant of the people, and he now comes with clean hands seeking a state office. We have no doubt he will reflect credit.

Uniontown Telegram: Besides his ability which qualifies him to efficiently conduct the duties of Treasurer, he is a native Union constituent, which makes a strong appeal to us.

Seabree Banner: The ticket needs strength to win in November, and Claude B. Terrell will add much along that line. Webster County voters can well afford to support him.

Pambrake Journal: Terrell looks like a winner. He has the support of the leading newspapers of the state. In all official positions he has served his constituents faithfully.

Big Sandy News: In Eastern Kentucky Mr. Terrell is very strong. No citizen who wants clean men in important offices will make any mistake in voting for him.

Hazal Green Herald: No Democrat can possibly make a mistake in voting for Terrell, for he has been tried in many positions of honor and trust and never yet has he been found wanting.

Robertson Advance: He does not permit politics to make of him a selfish or biased man. He is able to take care of the Treasurer's office, and he will carry this county.

Russell Times: Democrats want men nominated that will bring strength to the ticket in the general election. They will make no mistake in nominating Terrell for Treasurer.

Whitesburg Mountain Eagle: As State Treasurer he will be "at home," and besides, doing much good for his constituents he will be in part repaid for the excellent work he has already done for Kentucky.

Pike County News: A most excellent gentleman and fully qualified for the office he seeks.

That's what President Terry of the Hartford Fire Insurance Company did after the great New York fire of December 16, 1835, in order to make immediate payment of the Hartford losses.

In the same staunch spirit the Hartford promptly paid out \$1,900,000 after the Chicago fire, and \$10,000,000 after the San Francisco disaster.

Hartford protection costs you no more than other kinds—and you can depend upon prompt settlement in case of fire. May we tell you more about it?

Enquirer Says Stanley Will Win

ity over McChesney—in the First of 1,300; in the Second 6,620; in the Third 1,500; in the Fourth 1,470; in the Fifth, 5,800; in the Sixth, 6,950; in the Seventh, 3,100; in the Eighth 5,750; in the ninth, 1,840; in the Tenth, 300; and in the eleventh 180. It does not appear to have been the expectation of the Stanley managers that the Tenth and Eleventh districts would give the Henderson man more votes than McChesney, yet the estimators are evidently of the opinion that he will lead in both.

During the last week the drift in the cities has been steadily to Stanley, and the same is true to a lesser degree in the rural districts of the Central and Western portions of the State. Information from Louisville last night was to the effect that, while Lieutenant Governor McDermott was accorded a splendid attend-

ance for his final rally the business men of the city in large numbers are realizing that there is no likelihood of his nomination, and they are encouraging the sentiment expressed by Senator Ollie James in a statement given out soon after his arrival in Louisville this week.

It looked a week ago as if McDermott would get three-fourths of the vote in Louisville, but today it does not appear likely that he will receive more than half of it. From Covington and Newport comes the information from men who in the past have correctly sized up those cities and the counties in which they are, that Stanley will have big pluralities over McDermott in both. The same condition holds good as between Stanley and Bosworth in Fayette and Fleming counties. Following is the Cromwell forecast by congressional districts:

A STATEMENT FROM JUDGE BLUE.

In replying to Mr. Gibson's article in this same issue of the Record-Press, I wish to say that my article published in this paper last week shows that I have not attacked or referred to him in any way. I have simply defined my attitude on a subject that the voters have a right to know about. It is Mr. Gibson's privilege to let the voters know what his attitude is in regard to the subject in last week's PRESS.

Mr. Gibson says that I have in a cowardly way sought to show that he is not worthy of the office he seeks. I have said nothing against Mr. Gibson's character, nor competency for the office. I have said that I was against night riding and so-called possum hunting and cannot see why he should take offense at that statement from me.

V. O. GILBERT

Leading Democratic Candidate for Superintendent of Public Instruction.

If you desire the school system run on a business basis, which will pay the teachers on time, increase the per capita and attendance, get a dollar's worth of efficient service for every dollar expended, vote for V. O. Gilbert.

TO THE FRIENDS OF EDUCATION:

I feel that all who have taken the trouble to investigate, are proud of the record of the Department of Education for the last three years. We have made good a deficit of nearly one-half of a million dollars which we in-

herited from the preceding regime. We have three quarter million dollars to our credit today. We have a per capita of \$5.25 for this year which is 85 cents higher than ever before and insures a seven months school. More than one-half million dollars have been saved for redistribution among the country schools; more than a quarter of a million has been collected from corporations and officials who have been withholding it from the schools. The teachers have been paid in time, the first time for twenty years.

I feel that you want this good work to go on. Prof. V. O. Gilbert who is asking to be elected State Superintendent, and a candidate in the coming Democratic primary, has been my co-laborer in this work and has stood shoulder to shoulder with me in every battle for your rights, and if nominated and elected, it shall be my proud privilege to look after your fiscal affairs for the next four years, and the slogan will be, forward. We will continue to see that you get every cent that is coming, and that no section shall fatten at the expense of another, and that the county schools shall have a fair deal.

Mr. Gilbert knows the job as he has served in every position from county school teacher to that of Assistant State Superintendent.

I am personally interested in his success and hope that you will use your influence and vote for him.

Your humble servant,
MARION F. POGUE.
Assistant and Inspector of
Schools and School Revenues.

Editorial Comments of Hopkinsville Kentuckian of July 27th.

REPUBLICAN COUNTIES.

One of the arguments being used against Judge Clem S. Nunn, in his race for the Democratic nomination for Judge of the Court of Appeals, is that he hails from Crittenden, a small Republican county, that has never been known to give a Democratic majority. This is not a fair argument. On the other hand, it is a recognized fact that there are not over and more loyal Democrats in Kentucky than those found in Republican strongholds, where they must fight for every inch of ground they gain. Take the mountain Democrats for instance. With a majority of 10,000 against them, the Democrats of the Eleventh district have maintained a fighting organization for thirty years without hope of local rewards in their own counties. Such men as Jas. B. Black, James Garnett, Chas. W. Metcalf and Sam B. Dishman have long been party leaders, though unable to be elected to any office in their own rock-bound Republican counties. Ollie James, the greatest Senator Kentucky has had in a generation, could not have been elected to a county office in Crittenden as a Democratic nominee. The point that it is sought to raise against Clem Nunn, would take Ollie James out of the Senate, if one must be "a prophet with honor at home" and carry his own county first. It would prevent any citizen of Christian county from aspiring to office, for Christian county Democrats—the noblest Romans of them all—must overcome a 1200 Republican majority to win, and yet they win while the pampered favorites of the big Democratic counties, without opposition often in county office, are borne into office on flowery beds of ease, and it is not unusual for half of them to stay at home be-

cause local contests do not bring them out. There is one potent reason why candidates from close counties can often strengthen the ticket. They arouse a spirit of home pride unknown in counties with top-heavy majorities, who claim political honors as a matter of course. Let us judge the candidates by a measure of merit and fitness, and not by the size or political complexion of their counties. For a state office let the state be the unit and for a district office search the whole district for the best man. Remember the little state of New Jersey has furnished the nation with its greatest presidents.

Miss Bertha Gass and Allen Tinsley, of Tolu, were married in Elizabethtown, Ill., Sunday, Rev. Hall officiating. It was not an elopement, the young people going there just for the novelty and for the trip. The bride is well known here and greatly beloved.

Her father, who is the Tolu mail carrier, formerly resided here and all his family, are kindly remembered.

The bride's mother is a daughter of the late Rev. P. L. H. Walker, who stood high in religious circles in this section. The groom—while unknown to us—is said to be a sterling farmer; of good character; and we congratulate him on winning a heart and hand of his bonny bride.

They will reside on a farm near Tolu.

TO THE VOTERS OF

OLD PINEY PRECINCT.

You will have an opportunity
to vote for one of the four can-
didates for the Democratic nomi-
nation for Governor, Saturday,
August 7th. Three of these can-
didates want the fight on liquor,
the greatest enemy of humanity,
to stop. The other one, Harry
V. McChesney, wants to con-
tinue the battle until our great
State is free, root and branch,
from this blight on our civiliza-
tion. For every dollar of reve-
nue collected from whisky by
this State the taxpayers must

pay out \$1.69 for expenses caused
by it, (according to the Audi-
tor's last report.)

Harry McChesney is a clean
christian gentleman; his record
as a school teacher; as a county
Superintendent; as a Superin-
tendent of Public Instruction;
and Secretary of State; is a
record to be proud of. He is the
best equipped man for Governor
in the race. Those voting against
him vote against giving the peo-

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Came Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Write to: Chas. H. Williams Co., Ladies' Tonic Dept., Chattanooga, Tenn., for special instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper.

ARLINGTON MERCHANT FEELS BETTER

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach trouble worse and his heart affected.

He took Mayr's Wonderful Remedy. He got his appetite back and gained in strength right away. He wrote:

"I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of your Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I am getting stronger and can eat anything that comes along."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

IN MEMORIAM.

The death angel visited the home of Mr. and Mrs. Dick Belt and carried from them their darling baby boy, Thomas Allen. He was two years and four months old. He was a sweet lovable child, and loved by all who knew him.

It was hard to give him up, but God does all things well. We will say to the bereaved parents not to grieve after him, but strive to meet him in a better world than this where there will be no pain nor death, but all will be peace and joy at the savior's right hand.

A precious one from us is gone. A voice we loved is still. A place is vacant in the home. That never can be filled. God in His wisdom has recalled. A bloom of love is given. But though the body moulded here, The soul is safe in Heaven.

Dr. Dean—A Model Farmer.

Many a younger man could do better for himself and for the country by imitating the example of Dr. Dean, now 82 years old, who is demonstrating what can be done by truck gardening with Barstow land.

On his home place in east Barstow Dr. Dean has planted such

a variety of vegetables and fruits that he is independent of the grocer and a tin-can diet. To enumerate everything that is growing on this place would be

like copying a catalogue of a seed supply house. All of the work of preparing the ground, planting and cultivating was done by Dr. Dean, with the assistance of a Mexican for one day.

Roasting ears are now ripe, and a number had been gathered and were being prepared for cooking when the writer of this article visited Dr. Dean's place Wednesday afternoon. This is the Squaw corn variety. Other corn growing on the place is the Country Gentleman and Mexican June corn. The latter is very rank growing, some of the stalks being eight or nine feet high. Watermelons are half grown, and will be ripe in a few weeks, and some canteloupes are almost ripe. Among the other vegetables that were observed on this model little truck farm were blackeyed peas, frijole beans, okra, tomatoes, onions, squash, and others that we do not now remember.

Dr. Dean plants at different times, so as to have a succession of vegetables. He had beans that were ripe and ready to eat, some half grown and some just coming out of the ground, and the same may be said of his watermelons and canteloupes, which he expects to be enjoying until late in the fall.

A patch of sweet potatoes looks specially promising, and will make a good crop. Some fig trees on the yard show the possibilities of growing that fruit in Barstow. One of the trees, of an early variety, has ripened its fruit, which have been eaten, and a second crop is now nearly ready.

Barstow soil can grow nearly anything, when intelligently cultivated, and Dr. Dean's work ought to be an inspiration to hundreds of our people to do what he is doing.—From Ward Co., (Tex.) News.

FOR KENTUCKY WOMEN WHO ARE TIRED OUT, NERVOUS, SLEEPLESS, OR RACKED WITH PAIN.

Louisville, Ky.—"When I was in need of a woman's medicine I saw Dr. Pierce's Favorite Prescription advertised. I was nervous, tired out, and it seemed as if I was unable to meet my work. After I began using the 'Prescription' I became better and so much stronger. I used five bottles of this remedy and was entirely cured. I have never been bothered since. I am glad to recommend it because I desire to help others similarly placed."—MRS. MARY SCHMIDT, 2221 Bank St.

Y., for free 136-page book on woman's diseases. Every woman should have one. You can also have confidential medical advice without cost.

G. B. Likens Only Candidate From Fourth Congressional District

At the last presidential election the Fourth Congressional District cast 21,932 votes for Woodrow Wilson, one-tenth of the entire Democratic vote in Kentucky, and it has never failed to give loyal support to all Democratic nominees. In the primary election to be held on August 7th the Fourth District has but one candidate seeking the nomination for a State office, and that is G. B. Likens, of Ohio county who aspires to the office of Secretary of State. Mr. Likens will have

the United support of the Fourth District democracy. His qualifications, his personal integrity, his party loyalty are not excelled by any other candidate running in the August primary.

A stronger candidate or more proficient officer could not be selected. The Fourth District has no Democrat now holding an elective State office at Frankfort, and unless Mr. Likens is nominated it will not be represented on the State ticket. Vote for him! not alone because he is the only candidate from the Fourth District but because he is the best man to nominate.

Letter From J. Bell Kevil in North Carolina.

Lake Junaluska, July 26, 1915.
To the Record-Press,
Marion, Ky.

Dell and I met in Nashville at 8:30 p. m., July 23rd, on our way to the Sunday School Convention of the Southern Methodist church at this place. The name is from one of the near by mountains. We have front rooms at the Public Service Hotel, which is semi-circular made so, necessarily by the cove in which it is built. We have an up-stairs front gallery, overlooking the lake below. Our hotel is about 200 feet from the auditorium, directly in front, with a seating capacity of 4,500 persons. The auditorium is on the banks of the lake, which is made beautiful by the irregularity of the mountains.

Our church owns 1300 acres of land, 230 of which is covered by this lake: beyond the lake and adjacent to it is an irregular range of (I will call them high hills); behind these a broken range of low mountains, and behind all this, a very high range of mountains (which for want of a more definite name I will call smoky mountain) and beyond this, but that in sight, the famous Blue Ridge. All of these composing the Appalachian chain. All of this is seen from my room, and a beautiful picture it is.

The convention has a fine program for this week. Dr. Young, of Virginia, preached for us today. Bishop Atkins has a residence here, also in Waynesville. Am forming the acquaintance of Sunday school workers from the various states, and certainly such meetings as this, will do a great work throughout our church. This is certainly a great place to rest, and I ell and I are taking advantage of it.

DEEDS, NOT WORDS

MR. PEOPLE HAVE ABSOLUTE PROOF OF DEEDS AT HOME.

It's not words but deeds that prove true merit. The deeds of Doan's Kidney Pills, for Marion kidney sufferers, have made their local reputation. Proof lies in the testimony of Marion people.

William Redd, a farmer, Marion, says: "I had a severe pain in the small of my back and it ached and felt lame in the morning. I tired very easily and was nervous all the time. The kidney secretions were too frequent in passage and contained sediment. Hearing Doan's Kidney Pills highly recommended, I began using them. I was helped almost at once."

OVER FOUR YEARS LATER Mr. Redd said: "I haven't had to use Doan's Kidney Pills since I last recommended them, but I keep them on hand in case I happen to catch cold or strain my kidneys."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Redd had. Foster-Milburn Co., Chicago, Buffalo, N. Y. 7-29-8-5

Prof. V. O. Gilbert Spoke

In Marion Last Week.

Prof. V. O. Gilbert, of Frankfort, Assistant State Superintendent, spoke at the School Auditorium last Thursday to a crowded house of teachers and school trustees. Among other things he said: "The schools are not for the trustees, teachers or office holders, but they are for the children of Kentucky. His speech was well received by the large audience of educators that greeted him. Prof. Gilbert also said: "It is possible to right all the wrongs our society is suffering from in the school room. The development of the youth and manhood of our Country is in the hands of the School Teachers."

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, coming in contact with the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring the system in health. The proprietors have so much faith in the curative powers of this remedy that they offer the \$100 reward for any case that it fails to cure. Send for list of testimonials.

HIGH GRADE SILOS
Made of Long Leaf Pine and Oregon Fir

A Few Reasons Why You Should Buy a "Louisville" Silo

- 1 Because it is easy to erect.
- 2 Because we guarantee every part of it.
- 3 Because our silo is second, to none on the market.
- 4 Because it is a silo on which each and every feature has been tested and is not an experiment.
- 5 Because all our doors are made of California red-wood, which shrinks and swells less than any wood on the market.
- 6 Because our doors are easy to remove and replace, and cannot stick or bind.
- 7 Because we own our own patents, and do not have to pay any royalty, thus saving the farmer from \$15.00 to \$25.00 on his silo.
- 8 Because the hoops can be adjusted from the ladder front door frame without the necessity of climbing all around the silo on a ladder.
- 9 Because we are not in the silo trust, because it is HOME INDUSTRY.

PRAISES TANLAC

State Superintendent Of Printing
Voluntarily Pays Tribute to
New Remedy.

Frankfort, Ky., Aug. 4.—A high State official is one of those who have come forward voluntarily to add his voice to the chorus of praise for Tanlac, the peerless preparation. This is Moses R. Glenn, State Superintendent of Printing, whose office is in Frankfort.

"I think I had tried every remedy there is before I learned about Tanlac," he said recently. "I had a catarrhal affection, and could sleep very little because I swallowed the accretions from my throat. Of a morning I woke from a troubled slumber with a choking sensation, and would cough and spit nearly all day.

"As soon as I began taking Tanlac I experienced an improvement. I had little faith at first that any medicine would help me, and so I am the more ready and even eager to say a word about this preparation. As a rule I am conservative and unwilling to give my indorsement to anybody or anything, but this is an exceptional case. The itching in my ears is gone, I sleep soundly, and the accumulation in my nose and throat has disappeared. I want others to know how much good Tanlac has done me."

Tanlac is now being introduced in Marion at the drug store of J. H. Orme, and in Blackford at the drug store of A. T. Brown.

contest next year, and would greatly dishearten our Democratic brethren in the entire nation. More than this, it would be heralded as a repudiation of the administration of the greatest President this Republic has known for a half century.

THOUGHT IT SETTLED.

"I greatly regret to see our party threatened with internecine warfare upon the question of State-wide prohibition. We were told, and we all believed, this question was settled for good when we declared in our Democratic platform of 1911 for the county unit, and thereafter enacted it into law, which gave to each self-governing community, namely, the county—the unit recognized by the constitution—the right to settle this question for itself. Under this law 106 counties have prohibited the license of the sale of liquors, and the other fourteen counties of the State may do likewise, if it is the will of the people of those self-governing communities. I believe this law has proved satisfactory to the people of the State of Kentucky. I am opposed to State-wide prohibition because it is undemocratic, and denies local self-government to the people of the State. It substitutes the will of one people in one county over another people in one county, under wholly different environments.

PLATFORM OF 1911.

"When we adopted our Democratic State platform of 1911, we said we did it to enable the people of each county to decide for themselves this question. Now it is proposed to withdraw this right of local self-government from them, and provide that others shall decide for them. We declare in this same platform that temperance is essentially a moral, nonpolitical and social question, and shall not be made a partisan issue between political parties. Shall we now repudiate this declaration, and not only make it an issue between political parties, but make it the paramount one?

STANDS WITH PRESIDENT WILSON.

"I take my stand squarely with President Wilson, the leader of the Democracy of this nation, in favor of local option as the true Democratic doctrine upon the question of the regulation of the liquor traffic. The President stated that he was a thorough believer in local self-government and believed that every self-governing community, which constitutes a social unit, should have the right to settle this question. This, in my judgment, is the true Democratic doctrine, for local self-government, which in its very essence is home rule, has long been the watchword of Democracy. It is the granite foundation upon which the Democratic party has built, not for a day not for political emergency, but as a fundamental truth, and for all time. Upon the platform of 1911, embodying this doctrine, we went to the greatest victory within twenty years. Whatever else may be said about the Democratic party, no one has ever charged that it was a shuttlecock that it blew hot in one platform and cold in another one. Its principles have been lasting, and its faith has been constant. FOR THE COUNTY UNITY.

"I believe the Democratic party should declare in favor of the continuance and strict enforcement of the existing county unit law. I hope that no Democrat will by his vote directly or indirectly do anything to force upon our party a declaration in favor of State-wide prohibition, which would greatly imperil the chance of success of our party in the coming November election. And after all has been said and

Stop! Read! Think! Act!

An Opportunity

The great moral forces of the Fourth Judicial District have the opportunity, by concentrating their votes at the August Primary, to nominate for Commonwealth's Attorney a young man of modesty and merit, of ability and sincerity; whose clean life is an example every right thinking father would want HIS son to follow; who stands squarely for the right on the moral side of public affairs; who cannot be swerved from his convictions of duty by any consideration of expediency or temporary advantage; to whom the office would be a benefit in his ambition to rise in the world and whose selection would be a recognition of the fact that a clean young man, who stands for the right, is not at a discount with the great masses of the people when they come to vote.

The qualities above outlined are possessed by Hon. ED YOUNG, of Hopkins county, who is making a gallant fight for the nomination for Commonwealth's Attorney. The good people of Hopkins are for him because they KNOW him and have TRIED him. He is the kind of man we need in public office and particularly this office.

If the great moral forces of Caldwell, Crittenden and Livingston counties will but join hands with their fellows in Hopkins, he will win. The opposition is divided. The line up is clear. It's a great opportunity. Let every man who stands for that kind of a man go to the front and help make the fight.

—Hopkins County Ed Young Democratic Club.

done, after the State had been torn by such a contest over State-wide prohibition, the progress of the State halted, business development suspended, if successful, what would be the resultant effect? Millions of dollars worth of property would be destroyed, hundreds and thousands of laborers thrown out of employment here, and the taxes upon our people more than doubled only to enhance the value of like property just across the river in other States.

I now demand of Mr. Blue if

he knows anything of my connection with, or my friendship or partiality for any lawless organization, it matters not by what name it is known, that he state the facts to the public boldly and not seek to couch and cower behind veiled implications.

I regret at this late hour Mr. Blue has resorted to mud-slinging in the campaign for this high and dignified office, and I refuse to descend to that low plane. Mr. Blue and what few supporters he has in this race know that the voters of this district, rich and poor alike, are for me.

My whole life is an open book; judge me by what I have done or failed to do, and to those, who have confidence in my worthiness, I appeal to stand by me in this election.

Respectfully,

Lee Gibson.

has sometimes said, "The saloon as now conducted is morally indefensible." It is an unfit place for my wife, for your daughter, for pure womanhood. But a place that is not suitable for the gathering of pure women is certainly not an uplifting atmosphere for real worth-while men, for gentlemen. I believe it was the great Kentuckian Abraham Lincoln, who first called the liquor traffic "a cancer on the body politic," and who said that no compromise must be made with it, but that it must be eliminated root and branch. If Mr. Lincoln were with us now he would mightily castigate saloon-bred, whisky-depending, cheap-John politicians. But their doom is sealed anyway. An advancing christian civilization will soon regulate all such to the ash-heap. A saloon-defending politician is a relic of the pioneer days of half-baked, cow-ranch civilization.

THIRD—THE TRAFFIC IS AN ECONOMIC BURDEN.

It would be amusing to see certain Kentuckians pulling their hair over the great loss to the State if State-wide prohibition is enacted, were it not that the fight is serious—a struggle for righteousness, a fight for decent civilization. If the State has, as claimed, \$70,000,000 invested in the liquor business it is surely time for a saner use of this vast capital. Only think of it—seventy millions invested in that which neither feeds, save with the bread of sorrows; nor clothes, save with rags; nor educates, save in vice and lust and crime. It would seem that such waste could not long be tolerated in a land of barbarians, to even mention a Christian commonwealth.

Every dollar spent for liquor is worse than wasted; the buyer would be far better off to pour the purchase of his hard-earned dollar into a rat hole than to let it go down his throat. Seventy millions of good money invested in the destruction of corn, rye, homes and manhood. And the men guilty of this waste and sin against Kentucky homes and Christian civilization have the effrontery to stand up and argue for an extension of a people's folly. Forty to fifty million squandered in drink in Kentucky each year, and the distillers insult our intelligence by contending that we should allow this waste to continue for a paltry bribe of \$700,000 in taxes. They must think the hardy manhood of the great Commonwealth are a cheap lot when they bid us sell our sons to debauchery and our daughters to grief and ruin for \$700,000, while they tap the home-till to the tune of \$50,000,000 annually.

I hereby challenge Mr. Stanley, Mr. McDermott, Senator James or any other representative defender of existing conditions to a debate in which I will affirm "State and National Prohibition is Right and Every Way Better Than License." I will meet them in Louisville, Lexington, or any other suitable place, and continue the debate from one session of three hours to 100 such sessions if they wish. Will they meet me?

To The Democratic Voters

any other county in the State. It has had recently a United States Senator in the person of Wm. J. Deboe, and it now has a United States Senator in the person of Hon. Ollie M. James. It has the office for which I am running, and that of the United States Marshall, for all Western Kentucky, and previous to the

present incumbent, it had the Congressman from the First Congressional district for ten years. The combined salaries of these offices for the last fourteen years, aggregate a sum sufficient to pension each Democratic voter in Crittenden county, in the sum of \$230.35."

Here Judge C. S. Nunn is indicted for the election of W. J. Deboe to the United States Senate. Every school boy knows that the Democrats of Crittenden county had nothing to do with Senator Deboe's election. Every school boy knows that Judge T. J. Nunn was not elected to the Court of Appeals bench from Crittenden. He was elected from Hopkins county, and had been a citizen there for years before his election.

Every school boy knows that Edgar James was appointed Marshall of the Western District of Kentucky from Lyon county. Had lived there for years.

We are surprised that Judge Thomas did not ring in Roger Q. Mills, author of the famous Mill's Tariff Bill in Congress, who was from Livingston county just a few miles from the Crittenden county line.

We are surprised again that he did not ring in John G. Carlisle who helped his father at the anvil and forge at old Centerville, in Crittenden county. If he had figured in the Mills and Carlisle salaries his tidy sum of \$230.35 pension for each Democratic voter of Crittenden county would be slightly augmented. Of all the "tommy-rot" and twaddle this takes the cake.

"To what base ends our wishes lead us," Mr. Gus Thomas better back off and come again. There is absolutely nothing in such argument.

What do Crittenden county democrats think of the argument that Judge Nunn ought to be defeated because he hails from a republican county, and that Mr. Thomas should be elected because he comes from a democratic county.

Every republican in Crittenden county knows that Judge Nunn has been one of their strongest and gamest foes. If, instead of moving to Graves or some other Democratic county and pursuing a course of least political resistance, he preferred to remain in Crittenden and fight it out, he might well come in for censure from republicans, but certainly not from Democrats. Crittenden county democrats should answer this argument at the primary by voting unanimously for Judge Nunn.

The PRESS wants the Democratic voters of Crittenden to know exactly what a fight one other candidate is putting up, and to give Judge Nunn the benefit of their support at home.
